## SUMMARY OF MS-EEL DEGREE REQUIREMENTS

### Minimum Degree Requirements:

#### Master of Science Degree Thesis Option (30 credits)

- Requires 6 credits of orally defended thesis (EEL 6971)
- Requires 24 credits of approved course work (5000 and 6000 level) with the following constraints:
  - **Minimum of 18 credits at the 6000 level**
  - Minimum of 12 credits in EE courses
  - A 3-credit graduate math course
  - No more than 3 credits of Directed Independent Study (DIS) (EEL 6905)

#### Master of Science Degree Non-Thesis Option (33 credits)

- **Minimum of 18 credits at the 6000 level**
- A 3-credit graduate math course.
- A minimum of 18 credits must be completed in EE courses.
- No more than 3 credits of Directed Independent Study (DIS) (EEL 6905)

#### Admission to Candidacy/Online Plan of Study

Students must apply for candidacy as soon as they are eligible. Students should prepare, in consultation with a graduate advisor, the online PLAN OF STUDY, i.e. the list of courses, for completing their degree requirements. All courses must be approved by the student's advisor.

#### A student is eligible to apply for candidacy (online plan of study) when:

1. A minimum of 9 credit hours as a graduate student have been completed.
2. A minimum of 3.0 GPA in all courses attempted as a graduate student has been maintained.

Normally no more than 15 credit hours of work completed before submitting your Plan of Study will be accepted toward degree program.

Students working toward the MS (thesis option) degree may not register for thesis until their **Plan of Study** has been approved.
